

Features and Benefits

Blades, Rear

RBT15 Series

Features	Benefits
Working widths	60", 72", 84"
HP rating	17-40 HP
7 Forward and 5 Reverse angles	Many angles for diverse jobs and results.
Offset 12" Left or Right	Manually move moldboard to cover either tractor tire.
5 Optional tilt positions	Tilt moldboard easily to dig.
14" High rolled moldboard	Rolled moldboard allows material to flow easily, which means less drag, less HP. Moldboard thickness is just right for 40 HP work.
Reversible cutting edge	For twice the life.
Skid shoes (optional)	Set depth of blade to clear obstructions like manhole covers, street cracks.
Landscape Rake adaptable	Remove moldboard and add rake element to add diversity of frame.
Retractable Parking Stand	Store unit with front of hitch off the ground, allows for easier hook-up.
Warranty	One year parts & labor.
Quick-Hitch	Fits Land Pride Quick-Hitch.
