

Features and Benefits

Rear Blades

RBT35 Series

Features	Benefits
HP Rating	35 to 80 HP (2 wheel drive tractors) & 35 to 65 HP (4 wheel drive tractors)
3 Way Blade	Tilt, angle and offset features available hydraulically or manually.
Angle	Manual: 10 Degree Increments up to 40 degrees Hydraulic: Up to 50 degrees.
Offset	Up to 30" left and right.
Tilt	up to 20 degrees.
17 inch Moldboard	Precisely formed moldboard rolls dirt and debris with ease.
5/16" Moldboard thickness with box reinforcement	Thick material with fully welded box reinforcement creates a strong moldboard.
3" Moldboard King pin	Heavy pin for its class of blade.
Working widths	84" and 96"
Cat. 1 or 2	Fits wide variety of tractors.
Fits Land Pride Quick-Hitch	Quick and easy attaching without leaving tractor seat.
Fully welded main frame (Tubular construction)	Fully welded adds overall strength and rigidity to blade frame.
Retractable parking stand	Able to store the unit with the frame off the ground, also aids in attaching to tractor.
Reversible cutting edge	Get twice the wear from the cutting edge by flipping it over.
Warranty	One year parts & labor. See warranty page for complete details.
Accessories	
Skid shoes	Skid shoes help protect from hitting low obstructions by keeping the moldboard off the ground.
Cushion valve	Helps protect the moldboard and cylinders in the event an obstruction is hit by allowing hydraulic fluid to bypass the cushion valve and flow back towards the tractor.
Side plates	Side plates hold material in and allows it to be moved.
