

Features and Benefits

Post Hole Diggers, PTO

PD10 Series

Features	Benefits
Shorter yoke and boom tubing	Allows Post Hole Digger to be used on sub compact utility tractors (i.e. BX Kubota).
2 7/8" Yoke tubing	3/16" Wall thickness for strength.
Auger length	30" Auger.
Auger flighting	1/4" Flighting, Semi-double flight.
Replaceable hardened steel points on auger	Hardened points will last longer than non-hardened. Points can easily be replaced when worn or damaged. Cast steel auger fishtail tips.
Gearbox HP rating	15 to 30 Horsepower.
2" Output shaft	2" tackles the torque loads that can be transmitted from hard ground. Fairly standard size for the industry, fits many competitive augers.
5 Year gearbox warranty	Shows our confidence in the gearbox integrity.
Down pressure kit (optional)	Allows additional force to be supplied, hydraulically, to the beam to help force digger into the ground.
Alignment handle (optional)	Helps guide the auger from the tractor seat.
Post Hole Digger stand (optional)	Bracket mounted to bottom of gearbox can incorporate a Post Hole digger stand . This allows operator to hook up and unhook from tractor more safely. Stand supports unit and will store unit when it is not on the tractor.

PD15 Series

Features	Benefits
2 7/8" Yoke tubing	3/16" Wall thickness for strength.
Auger length	48" Auger.
Auger flighting	1/4" Flighting, Semi-double flight.
Replaceable hardened steel points on auger	Hardened points will last longer than non-hardened. Points can easily be replaced when worn or damaged. Cast steel auger fishtail tips.
Gearbox HP rating	20 to 40 Horsepower.
2" Output shaft	2" tackles the torque loads that can be transmitted from hard ground. Fairly standard size for the industry, fits many competitive augers.
5 Year gearbox warranty	Shows our confidence in the gearbox integrity.
Down pressure kit (optional)	Allows additional force to be supplied, hydraulically, to the beam to help force digger into the ground.
Alignment handle (optional)	Helps guide the auger from the tractor seat.
Post Hole Digger stand (optional)	Bracket mounted to bottom of gearbox can incorporate a Post Hole Digger stand. This allows operator to hook up and unhook from tractor more safely. Stand supports unit and will store unit when it is not on the tractor.

Features and Benefits

Post Hole Diggers, PTO

PD25 & PD35 Series

Features	Benefits
Cat. 1 or 2 Hitch	Fits a wider variety of tractors by fitting Cat. 1 & 2.
2 7/8" Yoke Tubing	3/16"+ Wall thickness for strength.
3 1/2" Reinforced boom tubing	7/32" Wall tubing for strength.
Auger flighting	Constant thickness on 1/4" flighting vs. tapered.
Replaceable hardened steel points on auger	Hardened points will last longer than non-hardened. Points can easily be replaced when worn or damaged. Cast steel auger fishtail tips.
Gearbox HP rating	25 Series: 25-55 HP and 35 Series: 30-75 HP.
2" Output shaft	Fits most other auger manufacturers for users who don't need a new auger.
5 Year gearbox warranty	Shows our confidence in the gearbox integrity.
Cat. 3 driveline with shear-pin or optional radial pin clutch	Protection against obstructions. Radial pin works like a 'ratchet' to continually put driving force on the auger in tough conditions.
Alignment handle (optional)	Guide the auger from the tractor seat.
Down pressure kit (optional)	Allows additional force to be supplied, hydraulically, to the beam to help force digger into the ground.
Post Hole Digger stand (optional)	Bracket mounted to bottom of gearbox can incorporate a Post Hole Digger stand. This allows operator to hook up and unhook from tractor more safely. Stand supports unit and will store unit when it is not on the tractor.

Optional Features (PD Support Stand)

Features	Benefits
Fits existing and current Land Pride Post Hole Diggers	Can be purchased for older models.
Quick disconnect	Easy on and off design.
3 Point hook up	Design makes it possible to back up to the Post Hole Digger with a tractor and hook up and disconnect with ease and safety.
Storage capabilities	Digger stand allows Post Hole Digger to be stored safely and efficiently. The stand allows easy hook up in future use.
