

LR25 SERIES

25 - 50 HP — 84" 96"

- Cat. 1 hitch
- 7 Forward angles, 5 reverse angles
- 16 1/2" Rake height allows for moving lots of material
- High carbon spring steel keeps teeth bouncing back
- Individually replaceable teeth make replacement easy & quick
- Storage stand
- Optional single or dual gauge wheels for depth control
- Rear Blade adaptable

You can change the rake angle on-the-go hydraulically ... optional with the 25 Series.

LR35 SERIES

30 - 65 HP — 84" 96"

- Cat. 1 & 2 hitch
- Frame offsets 45 degrees
- 9 forward angles and 5 reverse angles
- 5 Tilt positions
- 16 1/2" Rake height
- High carbon spring steel teeth
- Individually replaceable teeth
- Offset manually or hydraulically 45 degrees left or right
- Retractable Parking Stand keeps the frame off the ground and makes hook-up easier
- Rear Blade adaptable
- Optional single or dual gauge wheels
- Optional flip-down grader blade

Optional gauge wheels provide better depth control, available in two widths.

The 35 Series frame features a beefy turntable housing to handle heavy loads.
