

**PD10 Model**

<b>Features</b>	<b>Benefits</b>
<b>Shorter yoke and boom tubing</b>	Allows Post Hole Digger to be used on sub compact utility tractors (i.e. BX Kubota).
<b>2 7/8" Yoke</b>	3/16"+ Wall thickness for strength.
<b>Auger length</b>	30" Auger.
<b>Auger flighting</b>	1/4" Flighting, Semi-double flight.
<b>Replaceable hardened steel points on auger</b>	Hardened points will last longer than non-hardened. Points can easily be replaced when worn or damaged. Cast steel auger fishtail tips.
<b>Gearbox HP rating</b>	15 to 30 Horsepower.
<b>2" Output shaft</b>	2" tackles the torque loads that can be transmitted from hard ground. Fairly standard size for the industry, fits many competitive augers.
<b>3 Year gearbox warranty</b>	Shows our confidence in the gearbox integrity.
<b>Large selection of augers</b>	Variety of Dirt Auger sizes and styles to suit many applications.
<b>Down pressure kit (optional)</b>	Allows additional force to be supplied, hydraulically, to the beam to help force digger into the ground.
<b>Alignment handle (optional)</b>	Helps guide the auger from the tractor seat.
<b>Post Hole Digger stand (optional)</b>	Bracket mounted to bottom of gearbox can incorporate a Post Hole digger stand. This allows operator to hook up and unhook from tractor more safely. Stand supports unit and will store unit when it is not on the tractor.

**PD15 Model**

<b>Features</b>	<b>Benefits</b>
<b>2 7/8" Yoke</b>	3/16"+ Wall thickness for strength.
<b>Auger length</b>	48" Auger.
<b>Auger flighting</b>	1/4" Flighting, Semi-double flight.
<b>Replaceable hardened steel points on auger</b>	Hardened points will last longer than non-hardened. Points can easily be replaced when worn or damaged. Cast steel auger fishtail tips.
<b>Gearbox HP rating</b>	20 to 40 Horsepower.
<b>2" Output shaft</b>	2" tackles the torque loads that can be transmitted from hard ground. Fairly standard size for the industry, fits many competitive augers.
<b>5 Year gearbox warranty</b>	Shows our confidence in the gearbox integrity.
<b>Large selection of augers</b>	Variety of Dirt Auger and Rock Auger sizes and styles to suit many applications.
<b>Large selection of Bolt-on Rock Heads (accessory)</b>	All sizes of Land Pride PD15 Pengo Dirt Augers can be converted to Rock Augers with this accessory.
<b>Down pressure kit (optional)</b>	Allows additional force to be supplied, hydraulically, to the beam to help force digger into the ground.
<b>Alignment handle (optional)</b>	Helps guide the auger from the tractor seat.
<b>Post Hole Digger stand (optional)</b>	Bracket mounted to bottom of gearbox can incorporate a Post Hole Digger stand. This allows operator to hook up and unhook from tractor more safely. Stand supports unit and will store unit when it is not on the tractor.

**PD25 & PD35 Model**

<b>Features</b>	<b>Benefits</b>
<b>Cat. 1 or 2 Hitch</b>	Fits a wider variety of tractors by fitting Cat. 1 & 2.
<b>2 7/8" Yoke</b>	3/16"+ Wall thickness for strength.
<b>3 1/2" Reinforced boom</b>	7/32" Wall with 3/8" x 2" bar for strength.
<b>Auger flighting</b>	Constant thickness on 1/4" flighting vs. tapered.
<b>Replaceable hardened steel points on auger</b>	Hardened points will last longer than non-hardened. Points can easily be replaced when worn or damaged. Cast steel auger fishtail tips.
<b>Gearbox HP rating</b>	25 Series: 25-55 HP and 35 Series: 30-75 HP.
<b>2" Output shaft</b>	Fits most other auger manufacturers for users who don't need a new auger.
<b>5 Year gearbox warranty</b>	Shows our confidence in the gearbox integrity.
<b>Cat. 3 driveline with shear-pin or optional radial pin clutch</b>	Protection against obstructions. Radial pin works like a 'ratchet' to continually put driving force on the auger in tough conditions.
<b>Large selection of augers</b>	Variety of Dirt Auger and Rock Auger sizes and styles to suit many applications.
<b>Large selection of Bolt-on Rock Heads (accessory)</b>	All sizes of Land Pride PD25 and PD35 Pengo Dirt Augers can be converted to Rock Augers with this accessory.
<b>Alignment handle (optional)</b>	Guide the auger from the tractor seat.
<b>Down pressure kit (optional)</b>	Allows additional force to be supplied, hydraulically, to the beam to help force digger into the ground.
<b>Post Hole Digger stand (optional)</b>	Bracket mounted to bottom of gearbox can incorporate a Post Hole Digger stand. This allows operator to hook up and unhook from tractor more safely. Stand supports unit and will store unit when it is not on the tractor.

**PD Support Stand - Accessory**

<b>Features</b>	<b>Benefits</b>
<b>Fits existing and current Land Pride Post Hole Diggers</b>	Can be purchased for older models.
<b>Quick disconnect</b>	Easy on and off design.
<b>3 Point hook up</b>	Design makes it possible to back up to the Post Hole digger with a tractor and hook up and disconnect with ease and safety.
<b>Storage capabilities</b>	Digger stand allows Post Hole digger to be stored safely and efficiently. The stand allows easy hook up in future use.
