

### SGM15 Series

Features	Benefits
<b>Attaches to power equipment easily</b>	Uses Skid Steer Quick Hitch design for quick and easy attachment.
<b>Designed to fit Skid Steer Loaders and Front Tractor Loaders</b>	The quick attach plate mounted grapple can be attached to a wide variety of machines. Note: Tractor Loaders must be fitted with a Skid Steer universal quick attach mounting system.
<b>Designed to protect hydraulic hoses</b>	Hydraulic hoses routed to prevent pinching.
<b>Replaceable spears</b>	Spears can be replaced if damaged.
<b>Optional upper grapple fork</b>	Grips the material, increases load capacity, and reduces spillage.
<b>1 1/4" Upper grapple pivot pins</b>	Large diameter pins for extra strength.
<b>Greasable hardened bushings at pivot points</b>	Bushings can be replaced if needed.
<b>Optional cylinder shields</b>	Protects hydraulic cylinder and fittings.
