Before You Start

When you see this symbol, the subsequent instructions and warnings are serious - follow without exception. Your life and the lives of others depend on it!

**IMPORTANT:** Before you begin, read these instructions and check to be sure all parts and tools are accounted for. Please retain these installation instructions for future reference and parts ordering information.

Your Floating Top Link is exclusively designed for your Land Pride Quick Hitch. Please read these installation instructions and your Quick Hitch Operator’s Manual thoroughly before beginning. Especially read information relating to safety concerns. Also included in the Operator’s Manual is important information on operation, adjustment, troubleshooting, and maintenance for this attachment (some manual sections do not apply to all accessories).

A separate Parts Manual for replacement parts can be purchased from your dealer or available free of charge at www.landpride.com. Have model and serial numbers handy when placing an order.

**Manual Part Numbers:**
- Operator’s Manual ............... 320-003M
- Parts Manual .................. 320-003P

General Information

These assembly instructions apply to the following Floating Top Link Accessories listed below:

- 320-013A QH15 Floating Top Link Assembly
- 320-028A QH20 Floating Top Link Assembly

**DANGER!**

Engage parking brake, shut tractor engine off and remove switch key before performing installation of the Floating Top Link.

The Floating Top Link Kits are designed to adapt the Category I & II Quick-Hitches to implements that need to float about the upper hitch and lower hitch points during operation. Implements with gauge wheel(s) usually require a Floating Top Link. These kits are designed to adapt to the following Land Pride products:

**Category II Floating Top Link**
- Rotary Cutters:
  - Series RCR1884, RCR2596, RCR2510, RCRM2510 & RCR26

**Category I Floating Top Link**
- Flat Deck Grooming Mowers:
  - Series FD15, FDR15, FDR1660, FDR1672, FD25, FDR25 and FDR3590 after S/N 294658
- Air Tunnel Grooming Mowers:
  - Series AT25, AT26 & AT35
- Rotary Cutters:
  - Series RC15, RCR15, RCR16, RCR18, RCR2560, RCR2596, RCR2572, RCR2660 & RCR2672
- Power Rake:
  - Series PR16, PR25
- Seeders:
  - Series OS15 w/front roller, PS15 & APS15

Further Assistance

Your dealer wants you to be satisfied with your new Floating Top Link. If for any reason you do not understand any part of this manual or are not satisfied with the service received, the following actions are suggested:

1. Discuss the matter with your dealership service manager making sure he is aware of any problems you may have and that he has had the opportunity to assist you.
2. If you are still not satisfied, seek out the owner or general manager of the dealership, explain the problem and request assistance.
3. For further assistance write to:

   Land Pride Service Department
   1525 East North Street
   P.O. Box 5060
   Salina, Ks. 67402-5060
   E-mail address
   lpservicedept@landpride.com
QH15 Floating Top Link Installation

Refer to Figure 1:
Below is a detailed listing of parts included in this kit to serve as a checklist to inventory parts received. Please contact your local Land Pride dealer for any missing hardware.

IMPORTANT: If the Floating Top Link is being assembled on units with Serial Numbers 269719 and below then the bolts, nuts and lock washers (indicated with the arrow) should be replaced with bolt 802-128C and locknut 803-019C. This is due to the existing bolts being too long.

1. Remove existing 3/4" x 3 1/2" clevis pin (#5) and hair pin cotter (#6).
2. Install floating link bars (#2) with new 3/4" x 3 3/4" clevis pin (#1A) and hair pin cotter (#4A) making sure the four washer (#3) goes to the same side as the nuts (noted with larger arrow) in Figure 1.
3. Assemble spacer (#7) in implement’s top link and place implement’s top link between links (#2) as shown. Secure with clevis pin (#1B) and hair pin cotter (#4B).

QH20 Floating Top Link Installation

Refer to Figure 2:
Below is a detailed listing of parts included in this kit to serve as a checklist to inventory parts received. Please contact your local Land Pride dealer for any missing hardware.

</table>

1. Remove existing 1" x 3 1/2" clevis pin (#4) and hair pin cotter (#6).
2. Install floating link bars (#2) and flat washers (#3) with 1" x 4 1/2" clevis pin (#5A) and hair pin cotter (#6) as shown.
3. Assemble implement’s top link (#1) between floating link bars (#2) as shown. Insert clevis pin (#5B) and secure with hair pin cotter (#6).
Floating Top Link Positioning
Operating Position

Refer to Figure 3:
1. Park tractor and implement on level ground.
2. Adjust rear gauge wheel(s) to the correct working height.
3. Lower implement with tractor’s 3-point lift until the front is at the correct working height. Rear gauge wheel(s) should be on the ground supporting the implement’s rear end. If not, lengthen tractor’s 3-point top center link until the rear end is supported by the gauge wheel(s).

NOTE: Refer to implement’s operating manual for a complete description on how to set the implement to the correct working height.

4. With implement set at the correct working height, adjust 3-point top center link until the floating top two links dip halfway down into the upper hook as shown.

Transporting Position

Refer to Figure 4:
The floating top links should be straight as shown when implement’s gauge wheel(s) are raised off the ground.
