# General Information

## Using This Manual

This manual is divided into sections. The first section contains General Information. The remaining sections divide the machine into segments (i.e. Frames, Drives, Hydraulics, etc.) which illustrate and list all parts. A Parts Number Index is located at the back of the book.

The Kubota parts in this manual are specially designed for this machine and should be replaced with Kubota parts only.

The information in this manual is current at time of printing. Some parts may change to assure top performance.

Right-hand and left-hand as used in this manual are determined by facing the direction the machine will travel while in use.

Below is an example of two facing pages from a parts manual. Familiarize yourself with the type of information contained on these pages.

## Manual Replacement Information

Replacement manuals are available. Refer to our website at [www.landpride.com](http://www.landpride.com) for additional information. Our website continues to provide the most up-to-date manuals available.

## Touch-up Paint

Repaint parts where paint is worn or scratched to prevent rust. Aerosol cans and touch-up bottles with brush applicator are available through your local dealer. Also available are quart and gallon size paints. Add QT or GL to end of the Aerosol P/N.

Kubota color descriptions and part numbers are listed on the "Kubota Touch-up Paints" page in the "Decals" section of this book.

## Replacement Hardware

The **Hardware Legend** above lists hardware abbreviations used in the parts list. All bolts and nuts are Grade 5 unless otherwise noted. The use of improper grades of hardware can result in personal injury, damage to equipment, or loss of property.

## Part Number Service Coding

Within the parts list some part numbers are coded for revisions and interchangeability. See notations in revision column.

### Serial Numbers

Always use the serial and model number when ordering parts. Refer to the Operator's Manual for serial number plate location.

- (S/N 20001+)                      Includes serial numbers 20001 and above (to the latest number)
- (S/N 10001 to 20000)           Includes serial numbers between and including 10001 and 20000
- (S/N 10000-)                      Includes serial numbers 10000 and below (to the earliest number)
